

Secretary of Energy Steven Chu Addresses INL Employees

Secretary Chu (right) greets Dr. Peter Lyons, Principal Deputy Assistant Secretary for Nuclear Energy (left), accompanied by INL Laboratory Director John Grossenbacher during the Secretary's visit to the Idaho National Laboratory on Monday.

Energy Secretary Steven Chu shares a laugh with students who were watching his presentation at the Center for Advanced Energy Studies at the Idaho National Laboratory Monday. Secretary Chu delivered a message of the need to address global climate change, and the role nuclear power will play in meeting that challenge.

Secretary Chu answers questions from Idaho reporters Monday at the Center for Advanced Energy Studies in Idaho Falls.
